---

Dear Parent/Guardian,

Thank you for registering your child/children for the Spring Discovery Days at Sweetbriar Nature Center. We are looking forward to having another exciting week of educational programming.

On the first day you should park in the parking lot, then enter through the front door and check in at the front desk. An instructor or assistant will greet you and your child and get your child started on his/her day. Please equip your child with a lunch, a snack, and appropriate clothing for the weather. Although ticks have not been an issue here at the nature center, please do thorough checks on your children each day after camp. Since we are an environmental center we try to practice what we teach. With this in mind we suggest that when you pack lunches and snacks you consider using reusable containers for food items and drinks. We expect all the children who attend Sweetbriar Nature Center to abide by our rules and to treat instructors, assistants, and each other with respect and consideration. Parents may be called if the instructors deem behavior to be unacceptable. It is our goal to give each child a positive, fun experience. Although ticks are not much of an issue here, it is wise to check your children thoroughly at home each day.

Please send final payment at least two weeks before the first day of spring discovery days so we do not have to spend time dealing with the money and can start the day promptly at 9am. We are glad that your child/children will be joining us for a week full of fun and learning.

Sincerely,

Eric Young  
Program Director
